

Dear Mariapia,

Thank you very much for your quick reply and kind permission to relocate the donation. We will start the construction very soon at **Saw Pha Oh** village and most probably in the beginning of February 2020.

I will update you about the progress of the work.

The kindergarten school construction in **Leitpokegone** village has been completed and the Sisters and children have started using it as Kindergarten.

I will send you some photo later.

The kindergarten school construction in **Thonekyaing** has been started. They have laid the foundation and RCC posts. I will send you some photos of the current construction condition.

I pray that God bless you abundantly. May you enjoy a good health and peace.

I pray that you can visit us next year when you have settled with the closing of your shop.

Love and Blessings.

Fr. Noel
